### Directions

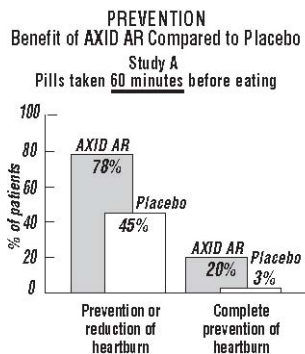

### Other information

Do not use if you are allergic to nizatidine or other acid reducers

- adults and children 12 years and over:
  - to relieve symptoms, swallow 1 tablet with a full glass of water
  - to prevent symptoms, swallow 1 tablet with a full glass of water **right before eating or up to 60 minutes before** consuming food and beverages that cause you heartburn
  - do not use more than 2 tablets in 24 hours
  - children under 12 years: ask a doctor
  - store at 20-25°C (68-77°F)
  - protect from light
  - replace cap tightly after opening bottle
  - keep the carton and package insert. They contain important information
- The stomach normally produces acid, especially following eating and drinking. Sometimes acid backing up into the esophagus can cause a burning pain and discomfort. This pain and discomfort is commonly known as heartburn.

When taken as directed, **AXID AR** relieves and/or prevents heartburn.

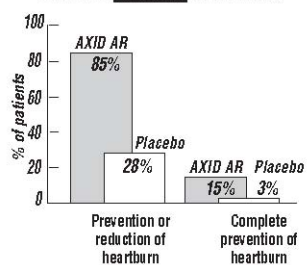

- Avoid lying down flat or bending over soon after eating.
- Avoid eating late at night, or just before bedtime.
- Avoid certain foods or beverages more likely to cause heartburn, such as rich, spicy, fried foods; chocolate, caffeine, alcohol; even some fruits and vegetables.
- Eat slowly and do not eat big meals.
- If you are overweight, lose weight.
- If you smoke, stop or cut down.
- Elevate the head of your bed.
- Avoid wearing tight fitting clothing around your stomach.
